

BORN AS A PROPERTY MANAGER FOR SHORT RENTALS

a portal for the management of properties and the consequent offer on the market.

A "smart" business model that brings supply and **demand** closer **together**

Belocations is not an agency but the real operating arm of the owner.

The tranquility for a guest to count on the best offer and have the sense of contact with the owner.

The advantage for the owner to know that his property is treated with care and dedication, as if it were his own.

Are you the owner of a Villa and would you like to rent it for holidays?

BeLocations offers you a complete consulting and booking management service.

Have you already rented or are you thinking of renting for short periods? Would you like to earn more but can't take care of it personally?

Guests from all over the world are welcoming guests to their full potential. You will receive your earnings monthly, in a certain way and in absolute tranquility.

BeLocations

It carries out on your behalf all the activity you need and is able to follow for you every phase of the life of your property, from renovation, furniture, small maintenance, the creation of ancillary services and the rental for vacation.

Belocations

Si replaces the owner and takes the property to heart. That's why it turns out to be competitive, advantageous and dynamic on its market.
